The 2010 Geophysical Directory

Sixty-Fifth Anniversary Edition

The original Geophysical Directory published annually since 1946

Known and recognized worldwide as the leading source of information for the geophysical industry -

A worldwide reference to companies, along with key personnel, that provide geophysical equipment, supplies, and services. Also listed are petroleum and mining companies and government agencies utilizing geophysical techniques. The advertisements offer a view into the "state of the art" for geophysical equipment and services.

Completely Revised

4,779 COMPANIES AND BRANCH OFFICES LISTED

The directory has the names, addresses, phone numbers, fax numbers, email addresses and website information for 3,132 US offices, 343 Canadian offices, and 1,304 offices outside North America. Each company listed has been contacted to insure accuracy of their listing.

9,719 PERSONNEL LISTED WITH TITLES

The personnel associated with the headquarters and branch offices are listed under their respective locations. Titles with the names indicate their responsibilities. Personnel listed with oil companies total 3,019 and personnel with the service and supply segment total 6,700.

BUY OUTS AND MERGERS

The Company Name Cross Reference section lists company name changes occurring since 1950, providing traceability through buy outs and mergers. This section has over 4000 entries.

65 YEARS EXPERIENCE

The Geophysical Directory has been published by the same people since the first issue in 1946. The same high standards for accuracy and thorough research, that made the Geophysical Directory the standard reference for the industry, exist today.
